

Sports Premium 2018 - 2019

As you may be aware, the Government has given every primary school in England extra funding for PE and sport. This funding is to be used to improve the quality and breadth of the sporting provision in schools, creating a lasting legacy from the 2012 Olympic Games. The funding is also to be used to increase participation in PE and school sport so that all children develop healthy lifestyles and reach performance levels of which they are capable.

At Cartmel CE Primary School we already have good history of PE provision and this funding will enable us to further develop and enhance the PE and sporting opportunities we offer our children. Our major aim is to ensure that the funding is used to provide sustainable, high quality teaching and learning in PE for all our pupils that will continue for many years to come.

Sports Funding Grant for Cartmel CE Primary School 2018-2019 is £16,000 plus £10 per child aged 5-11.

We will build this year on the exciting work we undertook in 2017 - 2018 with the help of the Sports Grant by facilitating the following:

Increase PE knowledge of all staff.

We are using specialist sports coaches to work alongside all teaching staff throughout the year to increase knowledge of PE and sport. The specialist sports coaches help with planning, teach demonstration PE lessons and provide CPD within school. This year's coaches will offer: football, multi-skills, cricket and hockey.

Facilitate training for staff members in PE development and specific skills areas.

Promote healthy lifestyles for all.

All our children in Key Stage 1 & 2 participate in two hours of high quality PE each week.

After school sports clubs are provided for all children to access throughout the school year, from both our own school staff and professional coaches.

Increase of physical activity during playtime. Children have "Golden Time" where sport equipment is used on a group rotational basis.

Subsidised swimming sessions at Kendal Leisure Centre.

Increase opportunities for competitive sports.

In particular, we are working closely with Cartmel Priory Secondary School P.E department, attending cross country events & multisports activity afternoons and various other sporting events though the year. We work with South Lakes Rural Partnership in local school competitions.

Teaching staff are including competitive activities in PE lessons. Children have the opportunity to compete against each other and against other schools in a rich programme of activities/competitions during the school year.

Enhance PE equipment for the use of all children in school.

PE resources for a range of sport will be available for use in class lessons, after school clubs and at break times and will be of good quality to enable high quality PE and sport across the school.

Swimming

87.5% of current Year 6 cohort are meeting the National Curriculum requirement.

2017 – 2018 Grant Impact

Professional sports coaches developed skills of both staff and pupils in multi-skills, football and cricket as well as preparing children for competitions.

Improved teacher understanding of necessity of sport in pupils' wellbeing and of their confidence and ability to deliver structured sessions, impacting on development of children's skills.

Paid for after school clubs opened up sport for all children and were well attended by both boys and girls and appreciated by parents and children alike. Building knowledge, confidence and skills ensured pupils were well prepared to a high level to enter cluster competitions.

Children competing in local cluster competitions attained highly, in some instances, such as Netball, winning the tournament or progressing into further rounds.

Children making good progress with their SEAL certificates in swimming.

A range of new equipment was purchased including: 4x scooter bikes, football kits for entire team, playground equipment for active playtimes.
